Democracy Has Defects
And It Has Heroes
More Pay, or More Heads
B&W Wheat for Vitamin B

By ARTHUR BRISBANE

DEMOCRACY is necessary, monarchy
and a despot being worse. But
democracy defects. The Colorado
miners are harnessed, but senatorial rep-
resentatives talk the project to death.
They agree about the harnessing.

NEW YORK STATE has water
power going to waste. Governor
Taft tries to harness it. Republicans
say it must not have the credit.
It is not coming along.

It is as though a farmer had two
horses and horses that never
work, because his hired men wanted
them to work in different ways.

Two years ago congressmen decided
they needed more money, and
they did not help themselves—
they did not help farmers.

They raised their per from \$7,500 to
\$10,000 a year.

Now, however, they have taken the additional \$2,500.
They single refused to take the extra
and were nothing about it.

But things will out, and Idaho
jokes it has a senator unwilling
to give his own per to \$10,000 after
he got hired for \$7,500. Congressman
Taft, Democratic representative from
Virginia, announced that he would not
vote the same as soon as it was voted.
But it is not in the presidential line.

Some citizens will think Mr. Borah
comes to president because he refused
to vote. Others will think the wiser
ones would be to take the money and
use it in preventing senatorial tactics
that will cost the nation billions in
taxes.

MONSIEUR Auguste Deibler's job
is working the guillotine. Fastening
the criminal neck below the blade
is delicate work. You must be careful
or the murderer may bite your hand.
Some have done that, savagely, and one
laid the attendant priest with a metal
scissors handed to him at the last
moment.

DEIBLER, who gets a small salary
with extra fees for each head, is
now this ultimatum. "More useful
or more heads to chop!" Too many
heads sentences are commuted. Every
business has its troubles. Cotton men
complain that women in a cotton-
growing nation wear only silk. Silk
men complain that so little silk is used
in each dress.

URGES Rapprochement

PARIS, advised by Andre Lapin,
eats raw wheat and feels better.
Monsieur Lapin says a tablespoonful
of germinated wheat, eaten before
lunch, supplies vitamins lacking in
other food, especially the vitamin B
that stimulates nervous energy.

ROMAN soldiers, as they marched
toward Paris under Caesar, ate
the wheat sowing in a bag at their belt,
so as to soften it by germinating
it. Their skulls, dug up
now, show marvellously strong teeth,
gnawed down, but not one missing or
broken.

Good bread, if you chew it well, is
better for you, however.

INVENTIONS announced this week
include a parachute that stops just
short of reaching the ground to prevent
a crash and an extract of the supra-
strial gland of cows that counters
heart failure in pneumonia and gen-
eralized problems life.

At present it takes 2,000 cows and
a long time to produce a small amount
of the extract.

GRADUALLY men are coming to
understand the "fearful and
wonderfully made machine that car-
ries them around, and eventually they
will repair it and prolong its useful
life as they do with a watch or motor
engine. It is to be hoped, however,
that rejuvenating old age will not go
with men's senility, or a fitted
suit is a gaudy product.

THIS nation is drifting toward
a costly, hate-breeding coal strike,
so far April in the central coal fields.
The backer farmer "going to town to
see me and Lord how I dread it!"
is more foolish than a country
that forces industrial civil war surely
comes and does nothing to prevent it.

THE people own the coal fields—and
nothing else in the nation—
under the right of eminent domain.
We can do as they choose.

The suffer the loss and inconven-
tions of all strikes, pay the bills in the

Marion Had Only 93 Clear Days During 1926, Annual Weather Report Discloses

Rainfall of 41.69 Inches Recorded Here in Year; Slightly Below Normal Seven of 12 Months; Excessive August, September and October

Only 40 out of the 365 days of last year were clear, in Marion. There were three times as many cloudy and partly cloudy days during 1926 as clear days, and enough rain to measure fell on every third day during the year.

All this is part of the annual weather report for the state, just received by Dr. E. H. Hoffmeyer, local weather observer, from the state weather bureau at Columbus.

This report shows that there were 101 partly cloudy days, 121 cloudy days, in comparison with 36 clear days that were clear during 1926. The 121 days enough moisture fell to afford measurement.

Above Normal

Rainfall in Marion last year was 500 inches above normal, the report shows. The rainfall here, however, was below the average for the state last year. The figures are 41.69 inches for the state and 41.93 inches for Marion. The rainfall here was slightly below normal in seven out of the 12 months.

Why Be Old At Forty?

Renew Your Nerve Force by Scientific Stimulation

Iron out the wrinkles and fit out the lines and hollows with firm, stay-there flesh and you can take ten years off your age. If you want to radiate the magnetism of perfect health like the vigorous-looking men you see around you, try taking a scientifically balanced digestive stimulant three times a day. Men and women all around you are gaining new strength in this way and there is no reason why you should continue to be run-down and lacking in vigor and snap.

You should watch yourself constantly. At the first sign of weakness, the first day you find yourself tiring easily, the very minute your nerves get on edge, you should start taking this great stimulant. When the symptoms first show—that's the time to start to get well. To delay is dangerous—many fatal maladies start from neglect of just such common, seemingly unimportant symptoms as these.

A remarkable stimulant-tonic has been devised for just such conditions. It is delightfully palatable and is prepared by an old Virginia concern in business for nearly a century. Drugists and physicians have come to know this stimulant as "Old Musterole Tonic." Get a bottle today from your druggist, take a small whiffglass full before your next meal—see how much better you eat—see how the glow of stimulated function throughout the body. A few days' treatment will bring a quick change in run-down conditions and overcome lack of energy.—Adv.

Panama Hostess

HEALTH CONDITIONS IN CITY VERY GOOD, CLAIM

Report of Commissioner W. J. Weiser Indicates Absence of Contagious Diseases

Health conditions in Marion are generally good, the report of the year, according to the records of Dr. W. J. Weiser, Marion's commissioner, which shows there are no reports of contagious diseases on file. This situation, which has been repeated only a few times before recent years, has caused some alarm in recent years, when the last outbreak of smallpox was removed by Dr. Weiser.

Last month the office of health director was prepared to meet health department in all cases of a kind from Dr. Weiser.

Emergency health meetings have prevailed in the city during the winter, the city records show, and this is believed to have been due largely to the greater attention. Weather during the last four months has been pleasant and health authorities state, has been less dangerous than usual and conditions were generally conducive to the physical welfare of Marion residents.

While considerable flu has existed at times during the winter, the number of cases has been small.

Among the most popular hostesses in Washington diplomatic set is Señora Doña Amelia L. de Alfaro, wife of the minister from Panama, who is shown in this new and especially posed portrait.

RECRUITS FOR U. S. NAVY BEING SOUGHT IN CITY

Station Is Established in Red Cross Headquarters, 247 S. Main-st

Recruits for the United States Navy are again being sought in Marion, following the opening of a recruiting office in the Red Cross headquarters, 247 S. Main-st.

Chief Turret Captain John B. Shanks is in charge of the navy recruiting office. Shanks is a veteran of 17 years' service. This is his first time as recruiting officer after having served with naval expeditions in all parts of the world.

The naval recruiting office in Marion was closed some time ago, but has been reopened for limited recruiting. With the high standards now applying to recruits an applicant for the navy must present the very best qualifications to be accepted. All applicants must present references and be of good physical condition, be an American citizen and have a desire to advance in the service. Shanks says.

The new airplane carrier U. S. S. Saratoga, now nearing completion will soon be ready to receive a crew, and all men who re-enlist after May 1 from this district will be sent to that ship on their request.

The new airplane carrier will be the largest the navy has, with a length of 888 feet. It is equipped with oil burning engines and will be electric driven, with a speed of 35 knots. The ship will carry 72 planes, half of which will be of the heavy duty type.

Full information on enlistments in the navy will be had from Chief Turret Captain Shanks at the Red Cross headquarters.

A man who is best pleased to dwell where the population is three or four to the square rod will call a farm a dreary, desolate, lonesome, forsaken place. It is a matter of taste.

Leave \$25 at the bank before large sales, the total for the season will be higher than the average of former years.

Madame Blanche Macmillan, the famous prima donna of a concert, has again recently engaged in an engagement to give a recital at Marion, on the 15th of March, and will be at the Hotel Marion, and will be removed by Dr. Weiser.

The McClain Cloak Co.
Sold To The Roberts
Cloak Company,
Columbus, O.

The McClain Cloak Company has changed hands. Mr. Herbert L. Roberts, owner of the Roberts Cloak House, corner Gay and High Sts., Columbus, has purchased the McClain store. The Roberts Cloak House is one of the most beautiful and popular of Columbus specialty shops.

In order to give all women in Marion and Marion County an understanding of the importance of this new ownership, Mr. Roberts is inaugurating a Change of Ownership Sale, beginning tomorrow and continuing for two weeks.

Hundreds of the very latest style garments have been purchased in New York by Mr. Roberts, personally, for this sale. There is only one reason for this sale:

To make it possible for the women of Marion and Marion County to realize the marvelous values that they may expect now and in the future at this store.

In addition to the wealth of new garments bought for this occasion all the McClain stock is added at great reductions in price.

Remember the Time and Place!

Dresses for Parties, Banquets,
Graduation—For Every Occasion

STYLES to please misses and women. One-piece styles and bolero styles. New puff sleeves, new tucked effects and clever pleated models. Dresses so attractive and so inexpensive you'll want to buy several.

GHT AGAINST BORER IS NOW IN COUNTY

Farmers in Quarantine Start Work, Reports Show

The European corn borer is getting under way in Marion County under strict orders from various sections of the quarantine district shown in the northern part of the state. Within the quarantine

farmers have already started spraying down or turning back in the fields, but much of the stalks still standing in the nine townships, it is reported, against the corn borer, and getting started, and it is estimated that within a few weeks every farmer will have taken care of the corn borer on his land.

To Be Reimbursed

Reimbursement from the federal government is to be used to reimburse the work of destroying all corn on their farms. The farmers have been told that it has been

one of the most efficient means of getting the corn borer is by dragging it with railroad rails, according to the department of agriculture. The cooperation of the farmers, furnishing scrap rails to have been sought, and State Board of Agriculture Charles V. Thomas recommended that farmers in Marion may now obtain scrap rails at a minimum cost through the nearest Baltimore & Ohio or the Erie railroad station. Since

the time is recommended by state officials as one of the most efficient means of destroying the most efficient means of destroying the corn borer, this concession is expected greatly facilitate cleanup work as is now being enforced in the eastern part of the state.

Make Application

Farmers near Bexley, O., have already applied direct to the Pennsylvania & Ohio railroad officials for permission to drag these rails on a scrapping basis to the farmer will amount to \$2 an acre for the work, but it is recommended that state officials as one of the most efficient means of destroying the most efficient means of destroying the corn borer, this concession is expected greatly facilitate cleanup work as is now being enforced in the eastern part of the state.

HERE'S MORE ABOUT DANCE BILL

NEW CONGRESSIONAL BEAUTY

Pretty Mary Niedringhaus, above, daughter of Congressman-elect and Mrs. Henry F. Niedringhaus of Missouri, will take her place in the younger set at Washington, D. C., in December. Her father assumes his seat in the seventieth congress at that time.

REMODELING WORK IS BEGUN ON CIGAR STORE

D. A. Shulte Co. Expects To Spend \$6,000 in Renovating Copeland Building

Work of remodeling the downstairs room of the Copeland building, corner of Main and Center, which has been leased for 10 years by the D. A. Shulte Co. of New York City for one of its chain tobacco and cigar stores, was started this morning and is scheduled for completion by April 1.

About \$6,000 is to be spent in the remodeling, it has been announced. The present single room is to be divided into two rooms, one facing on Center at the rear and the other having an entrance at the corner of Main and Center. The Shulte store will occupy the corner room and the one at the rear will be rented to some local business concern.

Against Bill

Representative Martin S. Dodd of Toledo, majority floor leader; Representative John A. Haubdin of Cleveland, and Representative August M. Streicher of Toledo, urged house members not to go on record as favoring legislation devised to regulate the private morals of citizens and argued against the effort to benefit church by state legislative enactment.

On the other side, speakers proclaimed against Sabbath desecration for commercial purposes and declared that popularity of Sunday dancing and roller skating is depleting attendance at Sunday night church services and demanded that the state remedy the situation.

Why not send Latimer over there to declare a neutral zone around Shanghai?

SPECIAL MATINEE OF FIRE FILM ARRANGED

Showing of Benefit Picture Will Be Held Monday Afternoon, Mar. 21

A special matinee showing of "The Fire Brigade," a motion picture which is to be presented at the Marion Theater during the week of Mar. 21, is to be given for children at 4 o'clock Monday afternoon, it was announced today.

The picture, declared to be the best fire drama ever screened, is being shown throughout the country under the auspices of the International Association of Fire Chiefs. Ten per cent of the net proceeds of the week's program here will go to the local firemen's indemnity fund and an additional percentage will be contributed to a nationwide fire prevention campaign.

The local fire department is assisting in preparations for presentation of the picture here by distributing placards and other advertising matter for display in stores and other business places.

MAD DOG BITES FOUR

Cleveland, Mar. 16.—A mad dog, after biting a man, woman and two children and terrorizing a section of the west side, was shot and killed by Policeman William Schmid. The victim of the animal were rushed to a doctor's office where they were given first aid treatment.

ROBS POKER PLAYERS

Bandit Takes \$13,500 In Cash and Gems at Urbana

Urbana, Mar. 16.—Police here today were seeking a lone bandit who raided a room in which five men were playing poker, held up the players, and escaped with loot valued at \$13,500, according to the report to police by the poker players. Of the loot taken, \$6,500 was in cash and the remainder in jewelry and watches.

The players included two Urbana men and three Springfield men. None of the players' names was revealed by police.

160 TO GET DEGREES

Columbus, Mar. 16.—One hundred and sixty degrees will be conferred upon members of the winter graduating class of Ohio State University here Friday by eight of the 11 colleges. Ninety per cent of the graduates are native Ohioans. Prof. Joseph V. Deppen, head of the English department, will deliver the commencement address.

COURT ACTION DELAYS MILLS' TALK WITH PAT

Privacy of Intended Conference Question Argued Pro and Con

Columbus, Mar. 16.—The question of whether E. L. Mills, attorney for Pat McDearmon and Ben Rulmer, both counsel of the murderer of Don R. McFet, editor, will be permitted to interview McDearmon privately at the Ohio State Penitentiary, was once more in suspense at noon today, following a hearing in both legal entanglements. The court of appeals of Columbus, in a hearing late yesterday that it would issue an order today, directing Warden Thomas of the prison to permit Mills to see McDearmon, withdrew its original decision, and responded to the hearing on Mills' application for the visit.

Warden Files Answer

This action came after Warden Thomas, represented by an attorney of the state attorney general's office, appeared in the court this morning, and filed an answer to Mills' petition, vigorously opposing the proposed interview.

Judge J. L. Allred, presiding, declared that the court was agreeable to having

Thomas was agreeable to having Mills see McDearmon, when he announced the writ would be issued, but in view of the opposition voiced by the warden, the hearing was rescheduled.

Judge Allred announced at noon when the hearing was terminated, that the case would be taken under advisement, and that a decision probably would not be reached today.

Would Appeal

Warden Thomas, after the hearing declared his intention of prosecuting an appeal to the supreme court, if Mills' application is granted by the court of appeals. He said he had been advised that such an appeal would get to prevent Mills seeing McDearmon while the appeal was pending.

Prosecutor Henry Harter, Jr., of Canton, and Detective Ora Slater, in a telephone conference late yesterday with McDearmon, failed to obtain any information from him in their clearing up the McFet case, they announced.

Told Nothing

"Pat told us nothing," was the succinct comment of the investigators as they left the prison. McDearmon, with a grim look upon his face, returned silently to his cell after the conference.

McDearmon previously, according to Warden Thomas, has declared that he will not talk until he is assured that "Hudner is going to get a square deal." He has contended that Hudner was innocent of any part in the murder conspiracy, and if he tells Mills his version of the plot, it is believed that he will

not be reached today.

Sapio

Sapio, meanwhile told International News Service that Ford would be present.

The plaintiff declared Ford "would never dare to defy the court."

Served With Subpoena

Certainly Ford was served with a subpoena, said Sapio. "Why he got so mad, he nearly knocked down the man who served him. We have an affidavit to that effect. He will be here when we want him to take the stand."

Despite these statements, the betting odds here were even money that Ford would not appear. On a dozen previous occasions, it was said, the auto king dodged court proceedings even after his appearance had been scheduled.

Opening arguments by counsel for both sides were in order as the trial resumed this morning. William J. Gallagher, chief of Sapio's staff, held the floor. He declared Ford had a right to attack Jews but was guilty of libel when he leveled this attack on Sapio. He stressed Sapio's work throughout the country in organizing co-operative marketing associations and declared he would prove all his activities were due to requests by farmers.

Six Women on Jury

Senator James A. Reed, Democrat of Missouri, chief of staff for Ford, will follow with the opening defense argument.

The jury meanwhile spent the night at their homes and hotels here. There are six men and six women on the jury, all of moderate circumstances.

All of the women are housekeepers, while none of them is even well-to-do. It is the type of jury usually seen in unimportant civil suits. It will have the last word, however, on whether Ford damaged Sapio to the tune of a million dollars.

The rumors, spread by Ford's attorney that he visited the federal build-

Secs Rosy Future

The world is full of a number of things for Dr. William W. Keen, 90, of Philadelphia, Pa., who predicts a rosy future for civilization.

Once James has been discarded,

Dr. Keen practiced as one of the country's leading surgeons for a large number of years. He began his practice as a surgeon in the Civil War and was appointed a major by President Wilson in the World War. Dr. Keen bears the reputation of having performed the first modern operation on a brain tumor. He has just celebrated his ninetieth birthday.

Would Appeal

This action came after Warden Thomas, represented by an attorney of the state attorney general's office, appeared in the court this morning, and filed an answer to Mills' petition, vigorously opposing the proposed interview.

Judge J. L. Allred, presiding, declared that the court was agreeable to having

ition of this international body of big business, only drew a smile from

the veteran local newspaperman never

to dispute the trial. There were 5,000 persons

dominating figure in American agriculture during the day and not one saw Ford en

teral life." It was a libel, he added, his report said. As Ford is as well

when Ford said Sapio had used his known in Detroit as President Coolidge

influence over the farmers to bring them to Washington, the story of his visit

was not credited.

Question Juror

Some excitement meanwhile was aroused in court circles by a report that one of the jurors was an ex-convict having been sentenced to the federal prison from Indianapolis for a liquor law violation. Judge Fred S. Raymond investigated the report, questioned the juror and then told International News Service it was groundless.

"The principal issue here is whether such a conspiracy of international Jews of which Mr. Sapio was a member, actually existed for the foul purpose described," said Gallagher. "If it did exist, there was no libel. If it did not, the plaintiff was libeled."

The name of Secretary of Agriculture Jardine was drawn into the trial when Gallagher defended Sapio's activities among the farmers. The attorney said Jardine was a member of a Sapio co-operative association, along with former Gov. Frank O. Lowden of Illinois.

The scheduled appearance of Ford as a witness against himself in the suit today overshadowed the dry technicalities of the trial.

Ford was summoned, it was said, to prove to the typical "insolent" jury, sitting in judgment on the case, that his attacks on Sapio through the Dearborn Independent were prompted by an intense hatred for Jews. Ford's whole crusade against the Jewish race in America probably will be aired while he is on the stand, even though his attorneys plan to oppose such a development all along the way.

On Stand Monday

Under present plans, Ford will take the witness stand Monday as an "adverse witness" for Sapio. It will be his second appearance as a witness since he became one of the richest men in the world. Much interest will surround his testimony as on the earlier appearance Ford showed an extensive knowledge in historical knowledge. Two of his famous "benefts" were to describe Benedict Arnold as a writer and to testify that the Revolutionary War was fought in 1812. His knowledge of history may be tested again next Monday.

All talk that Ford would make a subpoena, was dismissed when his personal attorney, C. B. Longley, announced that the millionaire would be present whenever asked by the court.

THE MARION STAR

THE HARDING PUBLISHING CO.

Owner and publisher of the Marion Star and Morning Tribune consolidated, September 24, 1922, under the name of the Marion Star.

Founded 1877. Reestablished 1884.

Entered at the Postoffice in Marion, Ohio, as second-class matter.

ISSUED EVERY AFTERNOON, EXCEPT SUNDAY.

Marion Star Building, 139-142 N. State St.

Single Copy 3 cents

Delivered by Carrier 10 cents

By Mail in Marion and adjoining counties, 15 cents

Beyond Marion and surrounding counties, 20 cents

Persons desiring the DAILY STAR delivered to their homes can secure it by postal card request, or by ordering through telephone 3214. Prompt complaint of irregular service is requested.

STAR TELEPHONE.

Call 3214 and ask the Star switchboard operator for the department you want.

WEDNESDAY, MARCH 16, 1927

Star subscribers will greatly facilitate good delivery service by making all complaints to the business office, not to carriers. Phone 3214.

Daily Proverb—"Trust not the flatterer; in the days of sunshine he will give three pounds of butter, and in thy need deny 'thee a crust of bread.'

At times we are about half inclined to pronounce the thing a bit and ask: What a fair day in March?

We assume that hereafter the Texas hell-hopper who has entered the ministry will minister to spiritual thirst only.

Since the recent federal supreme court decision holding up motorcars under cover of the law has ceased to be the great outdoor sport.

Well, the snows of the winter are probably pretty well over, and so the fellows who scorned snow-shoveling for exercise may soon be able to get back into form with glee.

It is to be assumed that Dr. Nicholas Murray Butler, in selecting the thirty distinguished gentlemen who go to Europe at the expense of the Carnegie Institute, chose men who will be able to appreciate an oasis when they reach it.

We note that the general assembly has taken time by the forelock and gotten "the boys" fairly well fired up. It doesn't propose to have any filibuster put everything to the bad in its case.

We may be greatly mistaken, but it's our guess that Lawyer Aaron Sapiro, confessedly a shrewd man, would be willing to discount his \$1,000,000 damage claim against Henry Ford at least ten per cent. for cash, and call it quits.

The weakness of some of the paragraphs references to the dampness of Florida is that they are not wholly true. There must be some dry spots down there; otherwise how explain the Florida horseshoe tournaments?

An artist's drawing, run in a Columbus paper, showing the proposed civic center down there as it would appear should the proposed state office building be built along the Scioto, is decidedly artistic, but it's hardly realistic. It fails to show either the customary fisherman on the river bank or the mosquitos.

To the fellow who always wants to beat the engine to the crossing, the chief objection to the 200-mile-an-hour car probably would be that with such a car he would be likely to beat the engine by a margin too great to produce a real thrill.

We sincerely hope the Automobile Safety council will withdraw its published statement that it's bad manners to honk to attract the attention of some person inside a building or one passing along the street. If it insists upon its decree, the young folks will just naturally have to revise what they consider the ethics of motoring from the very foundation up.

"While I am frank to say that I believe woman's dress today is more sensible than ever before," observed the restaurant philosopher at luncheon today, "at the same time I hope the girls will realize that there is danger in overplaying even a good thing."

It develops that the reason why 130 fugitive pupils in the Philippines threw their American principal into the river, then fished him out and tied him to a post, was that he had ordered them to stop wearing trousers and revert to loin cloths. Serves him right. No man has any business even so much as to attempt to impede the great forward march of civilization.

A Possible Weekly Service.

It is possible that two more German ships in addition to the Amerca, which is to be reconditioned at once if it is not already being reconditioned, will soon be added to the United States lines. A survey is to be made of the Mt. Vernon and the Agamemnon, at present tied up at Norfolk, and if a physical inspection proves them worthy of reconditioning, they not only are to be added to the United States lines service, but possibly may enable it to maintain a weekly first-class service between New York, Cherbourg and Southampton, which is greatly to be desired.

The Mt. Vernon was formerly the Kronprinzen Cecile, built in 1906, of 15,373 tons and twenty-four knots speed. The Agamemnon is the one-time Kaiser Wilhelm II, of 19,360 tons and twenty-three and a half knots speed. These speeds mean that they are six-day boats; that is, that they are capable of crossing the Atlantic easily in six days.

However, if the board making the survey finds the vessels still physically fit and the reconditioning plans go through along the lines proposed, marine engineers are convinced that the conversion of the two vessels from coal burners to oil burners or into motor craft will make them first-class Atlantic passenger carriers and sufficiently increase their speeds to enable them to maintain pace with the fastest vessels now in operation in the transatlantic service, in which case they, with the mighty Leviathan, will be able to offer travelers a first-class weekly transportation service of which America might well be proud.

An Official Flag Code.

Among the bills introduced during the closing day of the sixtieth congress was one offered in the house by Representative Charles Brand, of Indiana, looking to an official flag code for use in the United States. There is much uncertainty in the public mind manifested in connection with the proper use of our flag that there is need of such a code that the flag may be treated with the respect it deserves. Representative Brand would have the public draw water and where our flag should be displayed and when and how it should not be displayed.

Persons desiring the DAILY STAR delivered to their homes can secure it by postal card request, or by ordering through telephone 3214. Prompt complaint of irregular service is requested.

All of us know the "Stars and Stripes" flying in the night, when it never should be displayed before sunrise or after sunset. We have seen it hoisted slowly and lowered rapidly when the proper method is just the opposite. And of us have seen the flag improperly used for decorative purposes or as a part of a costume, no doubt. All of us may not have known that it was improperly used as a decoration at the time we saw it thus used, but it is something like a million-to-one proportion that all of us at some time or another have seen it so used. Many of us have seen it exposed in a downpour of rain, which is another improper usage. We have seen it carried in the center of a line of flags instead of at the right, and frequently it is displayed on an equality with the flags of states and cities when it should be raised above them.

There was much to do in the proposed measure and it should be taken up and passed in an amended form at the next session of Congress. We say in an amended form, for there was one feature of the bill which even the author, upon due consideration, must realize is questionable, that is the provision for the enforced saluting of the flag.

Representative Brand's bill carried a requirement that all persons shall salute the flag in review and on certain other occasions.

When the flag is being hoisted or lowered or is carried in parade, "all persons present," the bill proposes, "should face the flag, stand at attention and salute."

Those present in uniform should render the right hand salute.

When not in uniform, men should remove the headress with the right hand and hold it at the left shoulder, the hand being over the heart. Women should salute by placing the right hand over the heart.

All loyal patriotic citizens of the land will be glad to salute the flag upon such occasions.

All loyal, patriotic citizens sufficiently conversant with the proper manner in which to show respect for the flag do salute it upon such occasions, but there are probably thousands upon thousands, hundreds of thousands, of American citizens of the most patriotic impulses who are ignorant of the fact that respect for the flag is thus shown. Mr. Brand's bill is intended to bring the general public in better understanding of how to show this respect.

However, it is seriously to be questioned if there is wisdom in making the saluting of the flag compulsory. Respect and reverence for the flag should be in the heart, and if that is lacking a salute forced by law is a questionable tribute. We can see how a mere perfunctory salute of the flag might be more of an insult than a mark of respect. Again reverence and respect and love can not be enforced by law. They must be cultivated and grow in the heart, and we fear the effect of "thou must" upon American human nature in our attempts to cultivate reverence and love.

Let us have the flag code, but let salute of the flag be voluntary, a glad tribute to all the stands for. Let us recognize the fact that all enlightened, loyal Americans are glad to salute the flag of their country under the conditions and upon the occasions set out in the bill, and do so, and that those who do not do so are either ignorant or unaptitudes and disloyal. To our mind, that method of procedure will produce manifestations of respect for our flag far preferable to enforced salutation.

PROHIBITION MAKES STRANGE BED FELLOWS.

Easy To Ward Off Diphtheria.

BY ROYAL S. COPELAND, M. D.

A few days ago I saw a review of health conditions in the United States. It grieved me to note that diphtheria is found in almost every state.

This isn't necessary. If it really is not necessary it is welcome to permit this dread disease to thrive.

Diphtheria or "diphtheria group" used to reap a dreadful harvest of deaths. Thousands of children, especially under five years of age were gathered in every year.

We must not permit this state of affairs to be established. On the contrary, we must go forward in our winning fight against diphtheria. It must be wiped off the earth.

If there are children in your home, talk with your family doctor or with the nearest branch of the health office. If there is no health office in your community, there is a health officer. Go to him for advice.

What is known as the "Schick test" has been used for a number of years. By it the doctors have been able to locate the boys and girls and grown-ups, too, who are susceptible to the disease and likely to take it if it should prevail in the neighborhood.

A drop or two of a prepared solution is injected just under the skin. It causes no more pain than it does to stick a pin through the thick part of the skin, as we used to do as children. We did that to prove that it "doesn't hurt."

After the injection of the solution nothing happens in a person who has no tendency to diphtheria. If there is such a tendency, the skin around the spot turns red, acting much like the after appearance of a bee sting. After this test the injection of a protective serum is needed in susceptible persons.

To save the annoyance of the preliminary test, it is considered better practice now, to give the protective or immunizing treatment at once. This saves time and annoyance and practically guarantees the safeguarding of the child against diphtheria.

It requires tact and some coaxing to get the child to submit to this treatment, simply as it is. But it is free from danger and gives safety to the little one.

I could not sleep nights if I felt one of my family could be protected and we neglected to give the treatment. We must take every precaution against disease. In spite of many of our efforts we fail of course, but in diphtheria, success is at the expense of the father at the return of his wayward son, and sulky refused to unite in the merry-making. Can any one of you tell who this was?"

"Yea, sir. The fatigued call."

The big car was stalled at the bottom of a steep hill. A passing flivver, seeing the predicament, the driver was in, offered to tow him up the hill. The driver of the big car smiled condescendingly, as he agreed. The flivver pulled the big fellow up. As they pulled over the top, the owner of the larger vehicle asked: "What is all that smoke coming from the back of your car?"

"Just imagine," came the answer, "I've had my brakes on all the time."

A Sunday-school teacher asked a small girl the other day why Ananias was so severely punished. The little one thought a minute, then answered: "Please, teacher, they weren't so used to lying in those days."

"Do you know what the Order of the Bath is?" the teacher asked Mickey.

"Sure ma'am," replied the boy. "In our house it's a bath for a man."

"I live, because he has passed my way."

—Rolin J. Wells.

Dinner Stories.

Poems That Live.

GROWING OLD.

A little more tired at close of day,

A little less anxious to have our way,

A little less ready to scold and blare,

A little more care for a brother's name,

And so, we are nearing the journey's end,

Where time and eternity meet and blend.

A little less care for bonds and gold,

A little more zest in the days of old,

A broader view and a saner mind,

And a little more love for all mankind,

And so, we are facing down the way,

That leads to the gates of a better day.

A little more love for the friends of youth,

A little less zeal for established truth,

A little more charity in our views,

A little less thirst for the daily news,

And so, we are folding our tent away,

And passing in silence, at close of day.

A little more leisure to sit and dream,

A little more real the things unseen,

A little nearer to those ahead,

With visions of those long-lived and dead,

And so, we are going where all must go,

To the place the living may never know.

A little more laughter a few more tears,

And we shall have told our increasing years;

The book is closed, and the prayers are said,

And we are a part of the countless dead.

"Three happy, if there some soul can say,

"I live, because he has passed my way."

—Rolin J. Wells.

Poems That Live.

GROWING OLD.

A little more tired at close of day,

A little less anxious to have our way,

A little less ready to scold and blare,

FIGHT AGAINST BORER IS SLOW IN COUNTY

Farmers in Quarantine Don't Start Work, Reports Show

Work against the European corn borer is getting under way in Marion County under supervision of various sections of the county district show, but in the northern part of the county within the quarantine area, farmers have already started cutting down or turning over the corn in the fields, but much of the corn stalk is still standing in the nine townships. It is the policy of the county against the corn borer, to start getting started, and it is expected within a few weeks that every farmer will have taken care of the corn borer on his property.

To Be Reimbursed

Reimbursement from the federal government is to be used to reimburse farmers for the work of destroying all the corn in their farms. The farm owners are \$2 an acre for the work, which has been shown that it has been done.

The most efficient means of getting rid of the corn borer is by dragging the fields with railroad rails, according to the department of agriculture. The cooperation of the railroads in dragging scrap rails to farms has been sought, and State Director of Agriculture Charles V. Miller has announced that farmers in Marion County may now obtain scrap rails at a minimum cost of \$2 an acre. Baltimore & Ohio or Nickel Plate railroad station. Since draggin is recommended by state railroad officials as one of the most efficient means of destroying the European borer, this concession is expected to greatly facilitate cleanup operations now being enforced in the northern part of the state.

Make Application

Farmers near Deshler, O., have already applied direct to the B. & O. and Nickel Plate railroad officials for dragging these rails on a scrap basis. Doctor Tracy has been advised by the farmer will amount of \$2 per gross ton through the B. & O. for extra charge for cutting the rails to the desired size. The farmer is unable to take care of the expense himself.

Nickel Plate railroad officials state that the rails along this line may purchase these rails at a cost of \$650 each. Further instructions are being issued to the local chapters of these roads to provide an employee in the northern part of the state to dispose of available rails on this basis. Farmers are invited to avail themselves of this privilege and make application at once to the nearest B. & O. or Nickel Plate station. The dragging of these heavy rails over the standing stalks has been given much experience to destroy the stalks in crop refuse.

Three visitors at Greenwood School 5 to Marion, March 18. —Adv. W. T. Moore.

THREE VISITORS PRESENT AT Y-INDUS CLUB MEET

Three visitors at the regular meeting of the Y-Indus Club at the Y. M. C. A. on Friday were given applications to join the organization. They were Dr. Farnham, Marion Cook and Jim Latimer.

Why not send Latimer over there to help him?

ELASTICITY IN PRISON TERMS RECOMMENDED

Attorney Says Policy Be Used as Crime Wave Weapon

Mar. 16—While jurists and social critics are demanding longer sentences and more drastic punishment for the crime wave which has swept the country in recent years, Attorney Thomas C. O'Brien

Read Today's Offer You Who Have Indigestion

Ask Bradley's Drug Store About Generous Money Back Guarantee

is looking for a right way to put an end to such distress, such as gas and shortness of breath resulting from an overtaxed or disordered stomach.

"A man may commit the first lawless act of his life which at first flush appalls the public, but he may be far from the hardened criminal, even if a murderer on impulse," says District Attorney O'Brien.

"The man who after a long and reprobate life suddenly succumbs to temptation and steals a large sum of money often suffers more from the publicity than he does from the sentence imposed."

"Such types deserve special observation and consideration in the matter of penalty. To assist these men is the paramount duty of society."

The indeterminate prison term is supported by District Attorney O'Brien. This term is found on the statute books of many states he says, but in most cases it isn't as elastic as it should be.

State prison terms as a rule do not have sufficient range between the minimum and maximum to permit the authorities to determine when a cure has been affected. A reduction in the minimum and an increase in the maximum number of years defined by law for punishment is recommended by District Attorney O'Brien. Thus would a sentence of from five to seven years be expanded in both ways so that it might be passed as three to nine years.

For Young Offenders

He bases his belief on the theory that no judge has the vision to forecast just when a change or reform will take place in a prisoner as no two are alike. He says that, "a judge cannot predict a moral cure any more than a doctor can tell you how long a patient will have to stay in bed."

Offenders under 21 years of age should not be sent to state prison. Upholding this belief, the district attorney has never in his time in office asked a court to so sentence a youth under that age. While prosecuting he handled over 1,000 cases of youths himself and in but six cases did he move for sentence. In those cases he felt that the offenders should be subjected to a term for certain corrective purposes.

Worthy clubs for young men sponsored by officials and business men who are recognized as leaders in their communities is the greatest remedy for irresponsible youth, according to District Attorney O'Brien.

SHIP UNNECESSARY

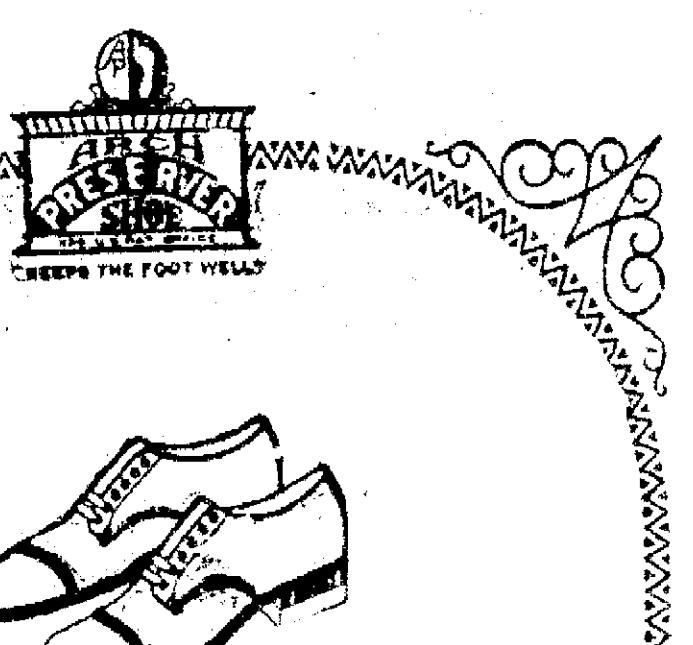

British Nationals in Nicaragua Fed Well-Protected by U. S. Marines

Mexico City, Mar. 16—British nationals in Nicaragua feed they are amply protected by the American forces there, and that the presence of the British cruiser, Colombo, in Nicaraguan waters is not necessary, Captain Lecky, commander of the Colombo, said today on his arrival here. The Colombo is paying a courtesy call to Mexican ports.

The British cruiser was dispatched to Nicaragua by the British admiralty to serve as a place of refuge for British nationals in event of an emergency, but left when Captain Lecky deemed such measures as unnecessary.

MARKET WOOL THROUGH COLUMBUS WAREHOUSE

Columbus, Mar. 16—The Indiana and Ohio crops of wool growers who are members of the Ohio Wool Growers Association will be marketed cooperatively through the Columbus warehouse of the organization again this year, under an arrangement announced today by the executive committee, as the annual meeting of the organization got under way here. One hundred and fifty members were to attend the session. About four million pounds of wool raised by 2,000 members passed through the Columbus warehouse last year.

You can't cover up foot aches!

JUST buying smartly styled shoes doesn't eliminate those foot aches. You must have more than good-looking shoes; they must also feel good. They must keep the feet healthy and comfortable. Try a pair of Arch Preserver Shoes and you'll understand what we mean.

This shoe gives support—the first essential of foot happiness. It doesn't pinch the nerves, bones and blood-vessels—the first essential of foot health. It keeps the foot resting normally—the secret of day-long comfort. Many good styles. Come and try a pair.

Plans To Summer in Great Open Spaces; Considered Diplomatic

By CHARLES F. STEWART
WEDNESDAY, MARCH 16—Never say Calvin Coolidge isn't a diplomat. He's going to spend next summer in the west.

From the temporary White House at 15 Dupont Circle this information has been definitely given out.

Nothing rash. Nothing abrupt. Not bad announcement that Mr. Coolidge is a candidate to succeed himself as president with a crudely implied warning to other aspirants to "keep off." Just a mere little social note.

Everybody's been wondering where the presidential family would "sum-

mer, it's going to "summer" in the west.

Analytic got ray fail to find? Emphatically NOT—out loud.

It's been suggested repeatedly that President Coolidge is a little shy on knowledge of the west.

He's going to repair this deficiency, if any, now.

It's suggested that he'll do it in the vicinity of Colorado Springs, but the exact spot's a mere detail so long as it's done in the "west open spaces," where it's conceivable that a certain feeling of soreness still lingers over the presidential veto of the McNary-Haugen farm relief bill.

DR. NICHOLAS MURRAY BUTLER didn't convince many politicians when he said he didn't believe President Coolidge wants another term.

The politicians have been dead sure all along that that's exactly what the president wants. However, they did figure that it was a pretty difficult thing for him to come right out and say.

His rivals have been waiting impatiently for him to declare himself since the spring of 1925. They'd have preferred to have him say he'd refuse a renomination. But they admitted among themselves that they didn't expect he would. The next best thing, as they had it doled out, would be to have him announce, "Yes, I'm a 1928 candidate."

Because the minute he did that, they intended to spring the "third term bogey" on him.

THE president's friends argued, to be sure, that the "third term bogey" wasn't a "bogey" at all. All the same, they didn't care to have it flagged out.

Maybe that's why Mr. Coolidge was so slow about proclaiming himself a 1928 candidate. He knew what would happen the minute he did. On the other hand, he knew the "bogey" couldn't be used against him so long as he didn't declare himself once more in the running, in so many words.

Was there any way for him to let the whole country know he wanted another term, without asking for it, out and out?—some way he could put himself on record, to all intents and purposes, and yet defy the "bogey"?

SURE there was. He could do it by spending summer out west, re-purposing himself.

Anybody who knows President Coolidge knows he never would "summer" in the west except for some mighty good reason. The good reason's very obvious. The president doesn't need to

FORMER MARION MAN IS PRACTICING LAW IN WEST

Howard Thomas Mitchell Opens Office in Los Angeles, Hardin High Graduate

Mrs. Theron L. Huntsman, 507 E. Church-st., has received word from her brother, Howard Thomas Mitchell, attorney-at-law, saying that he has opened law offices in Los Angeles. For the last three years Attorney Mitchell has been engaged in corporation practice, being attorney for the United States Fidelity & Guaranty Co., Los Angeles. Since in that capacity he has tried cases for his company in every city of any considerable size in California, south of San Francisco.

Mr. Mitchell received his bachelor of arts degree from Ohio State University in 1922, and his bachelor of laws degree from the University of Southern California in 1923. During his college career he attended five different universities, being the University of Arizona, Ohio Wesleyan University, Ohio State University, Stanford University and the University of Southern California. While in college Mr. Mitchell represented the University of Arizona and the Ohio State University in inter-collegiate debate, and was memorial orator of his graduating class of 1,200 candidates at Ohio State. He is a member of the Amingtonian Literary Society at Ohio Wesleyan, the Forum, honorary debating and public speaking society at Ohio State and Gamma Eta Gamma, national legal fraternity.

Both Mr. and Mrs. Mitchell are graduates of the Harding High School. Mrs. Mitchell, formerly Miss Stockman, also attended Ohio Wesleyan and Ohio State Universities. She was formerly soprano soloist at Trinity Baptist church of this city. Mrs. Mitchell is now soprano soloist of the Wilshire Methodist Church of Los Angeles. She has also done club and concert singing, having taken the leading role in the pageant in the Festival of Nations, in Los Angeles, comprising 300 selected cast. Dr. Floyd Hoagboom, director of the Wilshire Community Orchestra, and president of the Dental Association of Southern California, has declared that Mrs. Mitchell is the best soprano in Los Angeles. Others have been equally enthusiastic. She has sung over many radio stations in Los Angeles.

Attorney and Mrs. Mitchell plan to spend August on vacation in Marion, visiting friends and relatives. It is possible that Mrs. Mitchell will give a concert during that time in Marion.

Mr. Mitchell is preparing some lectures upon the following subjects: "The Place of Religion in Education," "In the Blood," and "The American Home."

Mr. Mitchell is the daughter of Mr.

BY LITTLE BROWN
AND CO. RELEASED BY
CENTRAL PRESS ASSN.

CHAPTER SIXTY-SIX

"Well, Mr. Center," said Clappole, "this is a sure enough transformation. I see, and I can't say I'm sorry."

The Center looked at him a moment, then said: "Well, Mr. Center," said Clappole, "this is a sure enough transformation. I see, and I can't say I'm sorry."

"You very fortunate man," he said, "and that was the end of it. I was against first principle of European governments. Also, I can't say I'm sorry."

What was worse, the King had graduate brave American detective and excellent impersonation of Blackie, though were and remain here as a last, Stein. Very lifelike and despicable."

Clappole smiled, rubbing his whiskers, which still bore the marks of the court, with which his hands had been bound.

"Well, Sergeant, what are you going to do with the prisoners?" he asked.

"The Commissioner is coming up," replied the sergeant. "He will be here in a moment."

The voice of the Center broke in.

"May I be permitted to leave quite empty and useless hands?" he inquired.

"Fatigue of upright posture very great."

"I'm sorry," said Clappole firmly, "but we can't afford to take any risks with you, Mr. Center."

He turned to the sergeant.

"Better put on the handcuff."

"There isn't another pair," replied the man, "not until the Commissioner arrives."

"It was lucky for me you shouted," remarked Clappole.

"There was a crash," he said, "immediately afterwards. What happened?"

"I turned over the chair, which put them off their stroke, but they had not upon it again, and if the door had held another second, it would have been long farewell to all my grannies."

There was a pause as we waited for the Commissioner to arrive. I turned to Clappole in some excitement, was longing to know why he had not

reached the window.

Simultaneously the door was flung open and the Commissioner and one or two gentlemen appeared, but I had no eyes for them, for the Center had moved which dropped to the ground as though shot, and, rising again immediately, had seized the trouser leg of the gentleman covering him, jerking them violently upwards with the result that the man fell heavily on his back. In a bound the Center was on the bed and through the hole in the wall leading to the secret passage down which I had walked the first time I had tried to escape. He vanished through the panel and the next instant it slid back into position. I dashed forward and pressed the curved knob, but the panel refused to move. The passage was closed, and we should now have to find the room to which it led.

"Quick," I shouted. "Follow me."

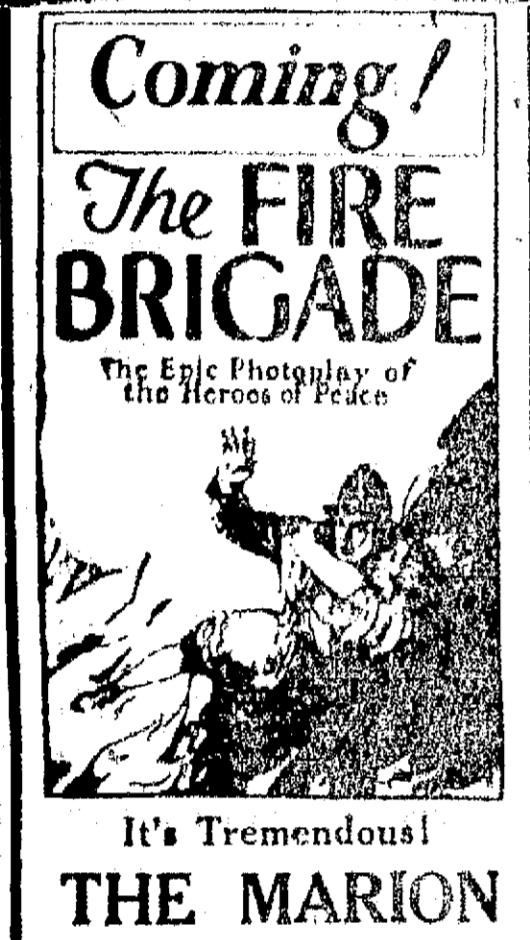

I rushed out of the door past the bewilpered Commissioner and, with Clappole at my heels, darted down the corridor.

"Don't say he's escaped," grinned Clappole, as he ran beside me.

"He's gone to his private room," I answered. "There is a way up the chimney on to the roof, but he can't get down from there. I've tried it myself and it's impossible. He's bound to go to his own room, but I hope to Heaven there's no other secret passage."

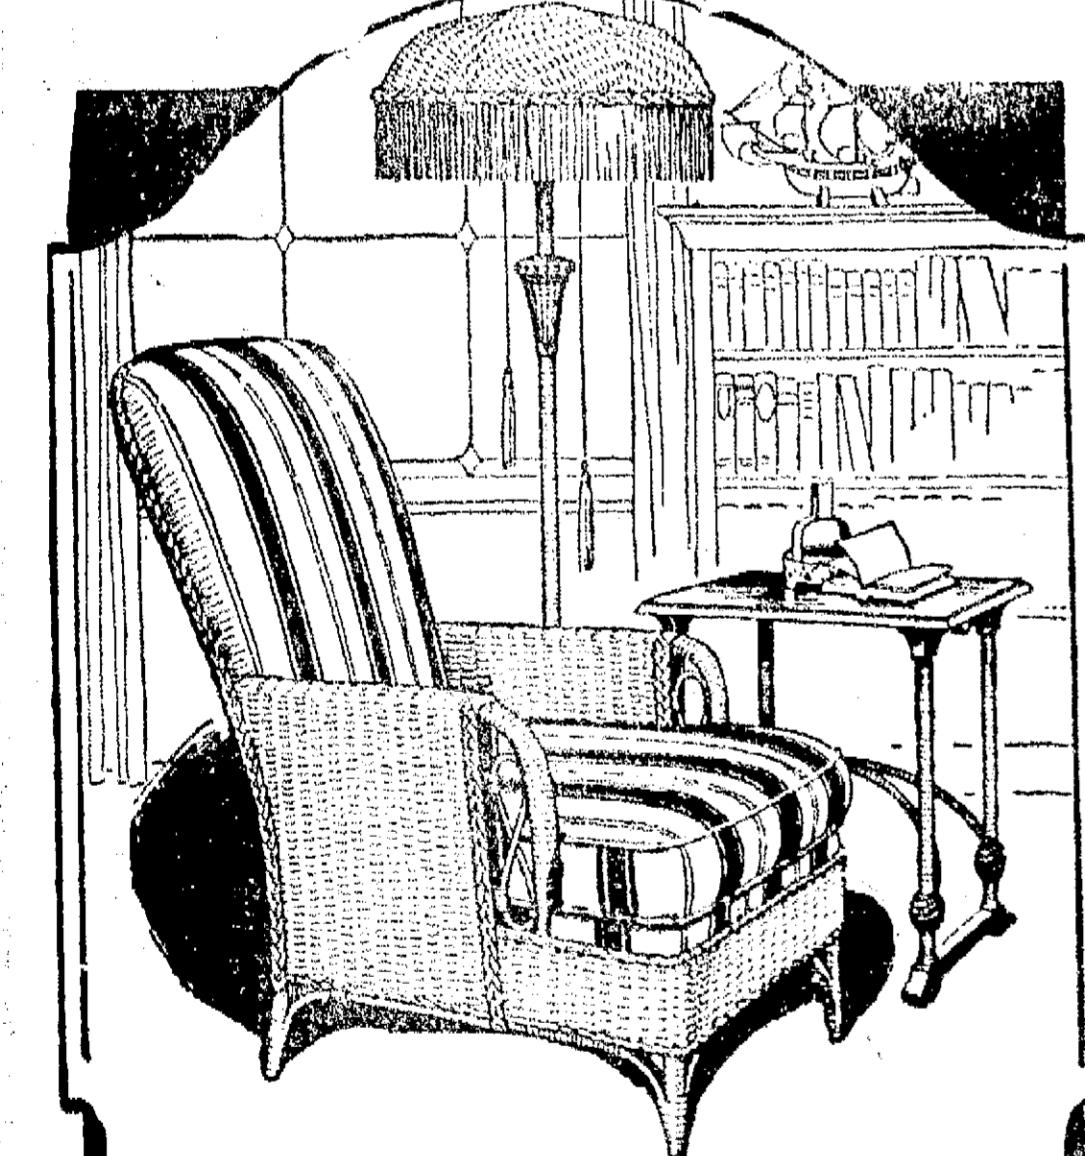

We reached the padded door leading to the living quarters of the house. Beside it stood a gondolier.

Are Our Young People Lacking in Courtesy?

BY VIRGINIA LEE

AMONG other criticisms of the much discussed generation is that they are discourteous. When they are invited to private homes they do not treat their hosts with consideration or know how to behave.

It is true and does this criticism apply to all the youngsters or is that those of a preceding generation? Usually I think not. I am "for" them. But the other day a young man told me about one of his acquaintances—a high school boy—and said, "He was telling me that he was thrown out of two private homes last night." Horrified—for I knew the youngster was a "nice" chap of very good family—I inquired if he was drunk? "No, just fooling," was the answer. I remembered then that a friend of mine had told me of entertaining for her young daughter, and that she was dressed at the lack of consideration shown her in her own home. That the boys—and some of the girls—acted without permission, and conducted themselves generally in a way that he considered anything but courteous.

Recipes for New and Novel Dishes; Household Ideas and Suggestions

Below is another meatless dinner menu. Fruits and vegetables may be combined in an attractive manner and are a nice change even if your family—or certain members of it—have not been ordered to abstain from meat.

Noodle Soup
Lima Beans Lyonnaise Cole Slaw
Bread Butter Jam
Pineapple-Lemon Pie Coffee

TODAY'S RECIPES

Noodle Soup—Take about a pound of lima beans, soak over night. Put on to boil with lots of water, let it come to boil, then simmer slowly. Add salt, a few carrots, halved lengthwise, stalk of celery, sprig of parsley, parsnips halved lengthwise, a whole onion. When beans are done (do not let them cook too much, but keep them whole), strain soup off, leaving beans whole. Put halved carrots and parsnip back in soup, but throw other vegetables away. Place soup over fire, when it comes to boil, add half cup noodles. Do not make soup too thick. Add tablespoon of butter, season to taste and serve hot.

Lima Beans Lyonnaise—Cut fine two onions, add four tablespoons of butter, and let simmer over slow fire until onion begins to brown. Take cooked lima beans, strained but whole, toss in the onion, add salt, pepper, a dash of paprika, and serve hot.

Cup Omelet—This is a good way to use up a small amount of leftover meat. One cup of finely chopped meat, one cup bread crumbs, three eggs, salt, pepper and milk. Beat the eggs until light, add a little milk, meat, crumbs, pepper and salt. Butter four cups and divide the mixture equally, adding enough milk to make the cups three-quarters full. Steam about twenty minutes or until omelet is cooked.

Cake Desert—One pound graham crackers, one pound marshmallows, one-half pound walnut meats, one pound dates. Roll all the crackers but four. Cut up all other ingredients, then mix together with one-half pint cream, not whipped. Form in a loaf. Roll the other four crackers and roll the loaf in the crumbs. Put on platter and let stand in a cold place. Slice and serve with whipped cream.

Itching, Annoying Skin Irritations

Apply Zemo, Healing Liquid, Easy to Use

When applied as directed Zemo effectively and quickly stops Itching, and heals Skin Irritations, Sores, Burns, Wounds and Chafing. Zemo penetrates, cleanses and soothes the skin. It is a clean, dependable, healing liquid, convenient to use any time, 10c and \$1.00.

It leaves the hair soft and easy to manage and makes it fairly sparkle with new life, gloss and lustre.

You can get Zemo at any drug store.

A four-ounce bottle lasts for months—Adv.

zemo
FOR SKIN IRRITATIONS

Doubles the Beauty of Your Hair

The simple hair styles of today make beautiful hair a necessity.

Luckily, beautiful hair is now easily obtained. It is simply a matter of shampooing.

Proper shampooing makes the hair soft and silky. It brings out all the real life and lustre, all the natural wave and color, and leaves it fresh looking, glossy and bright.

While your hair must have frequent and regular washing to keep it beautiful, it cannot stand the harsh effects of ordinary soaps. The free alkali in ordinary soaps soon dries the scalp.

That is why discriminating women everywhere, now use Milled Chocolate Oil Shampoo. This clear, pure and entirely greaseless product brings out all the real beauty of the hair and can not possibly injure it.

Two or three teaspoonsfuls is all that is needed. It makes an abundance of rich, creamy lather which cleanses thoroughly and rinses out easily, removing every particle of dust, dirt and dandruff.

It leaves the hair soft and easy to manage and makes it fairly sparkle with new life, gloss and lustre.

You can get Milled Chocolate Oil Shampoo at any drug store.

MERCHANT SHIPS CARRY BOOZE TO U. S. FROM PARIS

Reputable Boats Are Seen as Taking Cargoes of Liquor To America

Cherbourg, France, Mar. 16.—Two chartered ships loaded with wet cargoes are leaving French ports for a run to anywhere along the American coast.

Continental cheer has been exported on a larger scale from France for more

than a year, as reported by newspapermen who in the navy engaged in patrolling the North Atlantic.

These revelations came today from a reliable source during an investigation by the International News service of how champagne and liquor could have entered New York and other American cities. It would be hard to find anyone better informed on this subject than William Purvis, who was convicted in New York of violating the United States two years ago when he was captain of the Royal Mail liner *Orion*.

Now Hotel Manager

Purvis is a British subject and now manager of the Anglo-American Hotel at Cherbourg. With other members of the *Orion* crew, he was previously engaged in running to New York. Last summer, when the *Orion* called at Hamburg, Southampton and Cherbourg, certain stores of beer, Scotch and champagne were taken aboard without the captain's knowledge. These prohibited beverages were secretly disposed of in New York.

Purvis says they were caught because a customs man was discontinued with the trade-off and turned us in." The purser's complaint resulted in a bill being filed against the *Orion*, which by the United States government sought to seize the ship. He explains that he was forced to give up his trading career when he was blacklisted thereafter by all steamship companies.

But there are today many well paid agents of bootleggers. These agents, among the crews of tugboats as well as tugboat men, operating between American and European ports.

Rick Too Great

"Tug men no longer figures importantly in liquor smuggling," he declared. "The risk and the expense are too great since the coast guard was enlarged. It is easier now to 'fix' coast guards on duty at the Manhattan and New Jersey piers. In waterfront saloons and restaurants in Brooklyn you can get as wide a choice of wines and liquors as in Europe."

The United States customs service and even upright officers in the merchant marine are not so well paid that they can always resist the big money offered by the bootleggers. I do not know of any ship's master ever taking their bribe, however.

Thus buyers for big bootleggers are not needed abroad. A native commissionaire can fill orders and make all arrangements for shipment from the foreign supply base."

The United States has issued a larger variety of postage stamps than any other one country.

Girl 'Casualty' Finally Gets Award

Miss Margaret J. Richards.

Little Rock, Ark., Mar. 16.—A girl war "casualty"—Miss Margaret J. Richards of Little Rock—finally has been given an award by Uncle Sam in partial compensation for her injuries. Miss Richards lost a leg nearly seven years ago in an auto accident while on her way to entertain soldiers at Camp Pike, Ark. A bill passed by congress providing \$5,000 for her, has been approved by President Coolidge and the young woman's monetary reward has been received at last. Eventually she recovered, learned to use an artificial limb and returned to her studies. She was 17 then, a junior in the Little Rock High School, and pretty.

"Thus buyers for big bootleggers are not needed abroad. A native commissionaire can fill orders and make all arrangements for shipment from the foreign supply base."

The United States has issued a larger variety of postage stamps than any other one country.

"Immigrant" Sheep Also Prospering in America

El Paso, Texas, Mar. 16.—One of the principal varieties of wool sheep raised in the United States today was introduced by an 18 year old, illiterate Russian immigrant in violation of United States law.

Dr. C. C. Young of El Paso is that immigrant today in the Americanized form, and Karakul sheep, extensively raised throughout the central and far west, and noted for their rich closely-kinked wool, are the products of his enterprise. They are probably the only variety of Asiatic sheep raised extensively in the United States.

"I am a self made man with the help of Theodore Roosevelt," says Dr. Young, who is president of the National Association of Karakul Breeders of himself.

This is the manner in which it came about: In 1898 Dr. Young, then a candidate for vice-president, while speaking before some Susan Farmers in the Dakota, needed an interpreter. It happened that he met Dr. Young in New York, liked him and hired him. The young immigrant told the future president how he hoped to introduce a variety of sheep which was the pride of the famous Turk herders of the Caucasus Mountains of Asia Minor.

Two years later, in May, 1908, Young arrived in New York with four Karakul ewes and a blooded ram. The secretary of agriculture ordered the animal slaughtered as possible carriers of disease. Young appealed to the president and Roosevelt ordered the animals ad-

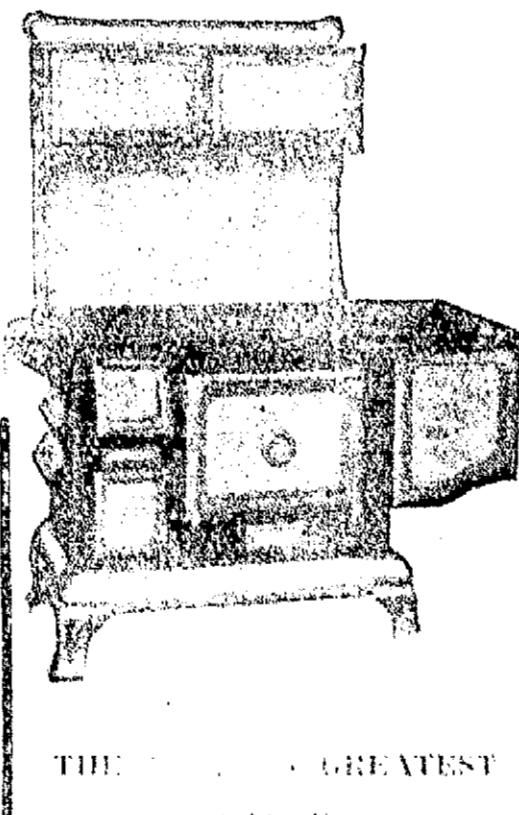

mitted.

And the sheep have prospered until today the department of agriculture says the Karakuls are among the most rapidly increasing varieties of sheep in the United States.

SPRING IS HERE—PREPARE

Now that the glorious spring season of the year has entered with all of its splendor and charm it necessarily demands that every exacting home be made to echo the season's greetings. In order to do this first, every home must be made to look spic and span on the inside. Second: Each individual must think and act in regard to the newest and most stylish spring fashions of 1927.

Every department of our store now is beaming forth with new Spring Merchandise for your selection.

Make Your House --- A Home Beautiful

It is now time to take up the matter of New Rugs, New Draperies, New Lace Hangings, New Linoleums, New Carpets for Spring.

Our House Furnishing Department (ON OUR THIRD FLOOR)

is now filled with all of the necessities for the home. Besides our great showing of Floor Coverings, Draperies and Nets, we have facilities to give you the best service, to relieve you of every care—Make your selections—we do the rest. May we figure with you? No job is too large, no job is too small for our House Furnishing Department—City or country—Our trucks go everywhere.

Beautiful New Rugs in Exclusive Patterns

from the famous
Wilton, Whittall and Mohawk
Lines

are surely attracting the attention that marks the correct pattern trend for the year.

We feature every size rug demanded—Standard sizes and extra large sizes.

Our Rug and Carpet department carries the most complete line in this part of the state. Whatever quality floor coverings you desire we will be able to fill your demands.

We want you to bring your House furnishing problems to us. We will figure with you either at the store or in your home.

Another year of toilsome cleaning?

The new year is well started. What kind of a year will it be for you—one of weekly cleaning drudgery? Or will this year bring release from the too-heavy burdens? Will it see The New Hoover with "Positive Agitation" installed in your home? Just a few dollars down will give you The Hoover at once. You can afford it. Will you have it?

ENTERED AS SECOND-CLASS MATTER
AT THE POSTOFFICE AT MARION, OHIO

FASHIONS for youth and youthful fashions! These Marion stores offer the new modes for spring. Skirts remain short, the most popular silhouette is slim—there's an absence of elaboration and a simplicity that is youthful.

There's a new animation in the clothes "they are showing" this spring and it's very evident that the new modes know no age. For all of them have that elusive charm that is youth!

THE lift of the robin—the glint of Spring sunshine—is reflected in the fascinating new footwear for the Spring of 1927.

COLOR, as in no season in the history of the Clothing industry, promises to be the greatest magnetic force in the sale of Suits and Topcoats for Spring in Marion stores for men's wear.

The modes for new costumes are brilliant with color and shoes carry out their duty religiously as fitting complements to the mode of color. Never have you seen such a lovely array of flattering colors in footwear as the Marion shops are showing this Spring.

All these new Spring fashions now await your shopping visit. Come to Marion—

HARDING HIGH DEBATE TEAMS WIN AND LOSE

Local Affirmative Victorious Here; Negatives Defeated by Delaware

Marion won and lost, Delaware won both meets in the triangle debate held between the three schools held last night.

The affirmative team of the Harding High School won on the local platform against Bucyrus and negative team lost at Delaware. Bucyrus lost to Delaware on their home platform, giving Delaware a clean sweep, with Marion second and Bucyrus last.

The judges' vote here was unanimous for Marion, while at Delaware the judges' vote was split, one voting for Marion and two for Delaware. The vote at Bucyrus was unanimous for Delaware. Harding High School thus gave five of six votes in the two meets in which local debaters took part. Delaware scored six votes and Bucyrus none.

The question debated was: "Resolved: That the present method of direct primary election in Ohio be abolished."

Members of the Harding High School affirmative team which spoke on the local platform, before a large crowd at Central Junior High School were: Lemore Bowley, Mary Alice Neal, and Robert Canterbury. The Delaware team was composed of Ruth Ricker, Ruth Durr and Fred Holl. The judges here were Hurst Anderson, Arthur Elling and Lawrence Appley, all of Ohio Wesleyan University debate squad.

The program here also included a musical program in which Anna Vondt, William Gutherly, Catherine Zachman, John Marshall, Viola Pencock and Leonard Parker took part.

The Harding High negative team, which traveled to Delaware was composed of Julius Subbuck, Dorothy Robinson and Joseph Rinner. The judges there were Karl W. Kunder, Oberlein College; John W. Hilling, Wittenberg and Robert Nickels, Denison University. The Delaware team was composed of Ceth Jones, Donald Morrison and Lois Cross.

REPORTED BETTER

KILLS HUSBAND

Mother of Three Declares Drunken Man Attempted to Beat Her

Washington, Mar. 16.—Declaring she tried to save her life, Mrs. Annie S. Edwards, mother of three small children, early yesterday and last night, husband, John O. Edwards, The Edwards came here from Ohio about two weeks ago.

Mrs. Edwards told police her husband came to the room she occupied when she dozed into exhaustion. He beat on the door with an axe, screamed. She ran into the street to escape, taking a pistol from a drawer. He came after her and shouted, "I'll get you now."

She pressed the pistol to her head and fired, killing him instantly. Her neighbors witnessed the shooting. Mrs. Edwards was released pending investigation.

ADDISON BAIN ADDRESSES NATURE STUDY GROUP

Club Day Observed at Central Junior High School Today

Today was club day at Central Junior High School and various programs were given by members of the club.

The expert of Leads Walton was the subject before Nature Study Club, when Addison Bain talked to the club on fish-fishing and fishing equipment. Mr. Bain took two rods and several pieces of equipment to the club and gave some demonstrations of casting with various kinds of equipment. He explained in detail the advantages and merits of rods, reels and lines. He also showed the class several designs of rods he had made himself for still fishing designs which the boys can make themselves at small expense. He also related some of his fishing experiences.

The talk proved so interesting to the Nature Study Club members that there is talk of forming a club and taking instruction from Mr. Bain, who is instructor to several casting classes here every summer, for which he supplies the equipment and instruction free.

The Homemakers Club started on basket weaving this morning, and several of the girls made remarkable progress in this work.

The Citizenship Club under the direction of T. L. Duncan went to the postoffice this morning on one of the trips which are part of the program planned by Duncan to acquaint the boys with the workings of various departments of local and federal government.

ABDOMINAL OPERATION

Mrs. Elmer Blease, 318 W. Church St., underwent an abdominal operation at City Hospital this morning.

CHIROPRACTORS PLAN TO SUBMIT BILL TO VOTERS

House Defeats Initiated Measure Barring Board from Control of Them

Columbus, Mar. 16.—Ohio chiropractors today were preparing to submit to the voters, by referendum, next November, their bill proposing a separate examining and licensing board for chiropractors. Petitions containing sufficient signatures to insure the referendum will be filed with the secretary of state in a few days, it was stated.

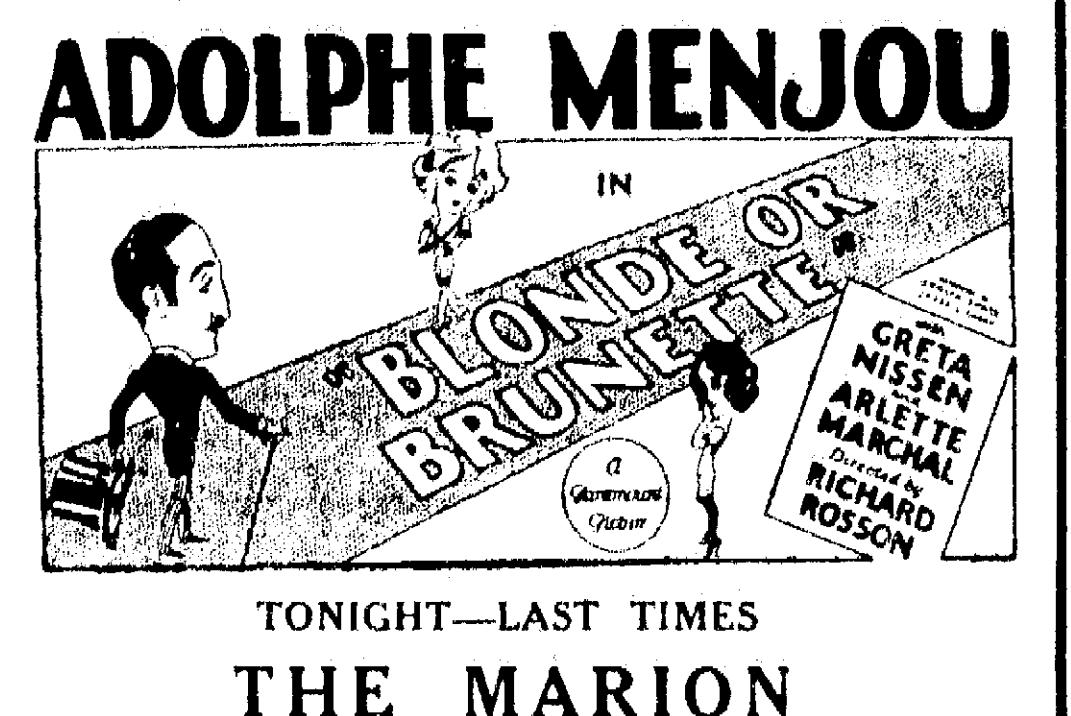

By a vote of 32 to 74, the house last Tuesday defeated the initiated bill which sought to prohibit the state medical board from exercising jurisdiction over Ohio chiropractors.

The vote followed debate lasting about two hours. The bill was championed by Rep. G. H. Bellinger, Akron, a chiropractor. Unsuccessful efforts to obtain enactment of similar measures were made by chiropractors at all Ohio legislative sessions during the past 15 years.

To Name Committee

Lt. Gov. Earl D. Bloom and Speaker O. C. Gray, as presiding officers of the senate and house, respectively, were preparing to announce the personnel of the joint legislative committee empowered, through the Dodd resolution, to determine what a bill of rights should be included in the proposed state constitution.

During Tuesday's caucus, the Republican senators, by a vote of 21 to 3, decided to support the Price congressional redistricting bill when it reaches

decision including provisions of Ohio law which permitted village magistrates and justices of the peace to receive as compensation part of the fines collected from liquor law violators.

The senate late Tuesday, by a vote of 31 to 2, concurred in the action of the house in adopting the Dodd resolution. The vote was preceded by a speech by Sen. George H. Bender, Cleveland, who vigorously denounced alleged activities of the Ohio Antislavery League officials.

Bender and Senator Nat P. Johnson, Youngstown, voted against the Dodd resolution.

Separate sessions of Republican senate and house members were to be held this afternoon. It was announced, to consider a proposed income program.

Reject Recommendations

As a result late Tuesday the Republican senators rejected the recommendations of their special committee of 10 that two direct state tax levies of 1/4 of a mill be made for construction of a new state office building and for state aid to weak school districts.

Without announcing details, the G. P. Senators endorsed a proposed amusement tax as a means of aiding weak school districts. Provisions of the Norton bill, pending in the house, revising and recodifying highway laws were approved, as were the special committee's recommendations that the corporation franchise tax be increased from 1/12 to 1/8 of 1 per cent of the book value, and of a boost in the utility excess tax from 1/2 to 1 1/2 per cent.

To Support Price Bill

At today's senate caucus, it was announced, consideration will be given to the special committee's recommendation that the state gasoline tax be increased from two to three cents per gallon and that the additional revenue be devoted to highway construction. The caucus also is to consider other phases of a highway financing program.

During Tuesday's caucus, the Republican senators, by a vote of 21 to 3, decided to support the Price congressional redistricting bill when it reaches

the floor.

The condition of Dr. J. D. Darling, who is seriously ill at his home, 761 N. Mainst., is reported improved today.

SLIGHTLY IMPROVED

The condition of Dr. J. D. Darling, who is seriously ill at his home, 761 N. Mainst., is reported improved today.

Bucyrus Council Authorizes \$11,750 Bond Issue Sale

ACTION TAKEN TO PAY CITY'S STREET SHARE

Three Resolutions Passed Transferring Funds to Various Departments

Bucyrus, Mar. 16.—At its meeting last night the Bucyrus City Council passed an ordinance authorizing the sale of bonds to the amount of \$11,750 to meet the city's share of the cost of the street improvement program for this summer. The council later passed three resolutions transferring funds from one city fund to another. An ordinance respecting the passing of bills on the city streets was read and will be voted on at the next meeting.

The matter of traffic control was given consideration when Mayor Schubel read letter from the secretary of the Defense Chamber of Commerce inquiring as to the opinion of local city officials concerning a type of overhead traffic control demonstrated by the Defense company. Councilman Kaffenbarger was asked to answer the letter. He explained to council that the lights in question had some desirable qualities. They are suspended from an arm fastened on a telephone or light pole. Kaffenbarger asked City Solicitor J. W. Miller what progress was being made in regard to the city's effort to have the traffic control on N. Sandusky removed.

Miller said that he was waiting for some one to take the other post away or for the court to decide the pending suit. Miller referred to a suit brought by the Automobile Club, seeking the post's removal.

Councilman Ryan declared that what was needed was a city ordinance designating through streets. Several councilmen expressed similar opinions and it was agreed that a committee consisting of the mayor, the chief of police and the city solicitor should report a proposed ordinance on the subject at the next meeting. It was the opinion of councilmen, as well as the mayor that the problem of traffic lights can be solved after the ordinance is passed.

In response to inquiries City Solicitor Miller announced that a hearing on the case of the Ohio cities against the Logan Gas Co. will be held next week in Columbus and that he will attend. He also reported that engineers will be here soon to appraise the property of the Bucyrus Telephone Co. whose recent rate increase the city is contesting. Councilman Kaffenbarger moved adjournment until 7:30 p. m. at the next meeting night. Passage of his motion changed the time of council meeting which councilmen favored as a summing-up measure.

MARYSVILLE KIWANIS GUESTS AT PLAIN CITY

Marysville, Mar. 16.—Members of the Marysville Kiwanis Club journeyed to Plain City last night where they were guests of the Commercial Club in that city. A good program was given by members of the Plain City Club and the members of the Marysville quartet in turn gave several selections.

Council Approves Plan for Water Meter Installation

KENTON, Mar. 16.—Under plans initiated by the municipal water works department here and approved by a recent inspection tour, a representative from the state department, every water consumer in the city will be advised of a new water purifier to be placed on a meter basis by early August of this year. It was announced that council's approval of the new purifier was given by Frank Price, service director, who was seated. The money is to be obtained by Frank Price, service director, who was seated. The city legislative body last night received from the waterworks department the purchase of a new machine at a cost of approximately \$550, to replace the one now in use at the waterworks. The old machine had been in use at the waterworks.

Approximately 600 water users in the city, now paying on a flat rate basis, will be affected by the forthcoming order of the department that the water works system be metered. Of the 18,000 houses using city water only 1,100 have meters installed.

Adoption of the uniform meter plan, and Mr. Price will effect a greater saving on the part of the consumers, and will cut down the overhead and pumping at the station at least 20 percent. Improved service will also result.

Starting April 1, letters are to be mailed consumers ordering that meters be installed within 30 days. The instructions are to be mailed to each consumer the first month, with additional letters going to the remaining districts each succeeding month thereafter. The city will be divided in four different sections for this purpose.

Upper Sandusky, Mar. 16.—Word of the death of a former well known citizen of this city was received when it was learned that Charles L. Cordray, 92, died yesterday morning at the home of his son, Boyd, in Toledo. He had been suffering from paralysis for nearly two years preceding his death.

Mr. Cordray was the son of George and Cynthia Cordray and was born on a farm in Crane Township, Wayne County. He married Eliza Isham who preceded him in death many years ago. He leaves one son at whose home he died two grandchildren, three sisters, Mrs. George Mott of near this city, Mrs. Leslie Stacy of this city, Mrs. William Hines, of Eagle Lake, Texas, and one brother, William Cordray of near this city. He was a member of the Masonic and I. O. O. F. lodges. The body will be brought to this city for burial.

Upper Sandusky, Mar. 16.—Members of the Methodist Class of the First Methodist Church entertained at a farewell reception in the church social room Monday night honoring the president, Dr. B. P. Mansfield, who has come today for his new home in Glen Ellyn, Ill. Over 50 members of the class were present for the delightfully arranged program. Peter Butterfield, president, master of ceremonies and introduced the various entertainers in an original and clever way. Charles P. Monroe, in charge of the song service, Miss Clara Swartz gave several splendid homely readings, the Lutheran quartet, under the direction of R. R. Elbhart, sang a pleasing group of well known songs. G. E. Stover, Sunday school superintendent, and A. H. Brandt, teacher of the music school, spoke briefly and Rev. Stephen gave an address of unusual interest using as his theme, "The Efficient Lawyer."

Several contests were conducted following the program and refreshments were served by a committee. As a closing feature, C. E. Melder, in behalf of the members, presented Dr. Mansfield with a beautiful ring.

MRS. CRAWFORD HOSTESS TO PROSPECT W. C. T. U.

Prospect, Mar. 16.—Mrs. Frank Crawford was hostess to the W. C. T. U. Tuesday afternoon, at her home on E. Water.

Fifteen members were present, Rev. Sara Stoner, president presided. The meeting opened with a song, a chain of prayers. Roll call was followed by the annual roll call, to which 75 members answered present. Mrs. J. E. Wood, president, and a committee of 20 ladies, delightfully entertained by presenting a play entitled, "The Country School of 50 Years Ago."

Mrs. J. E. Wood gave a historical sketch of Livingston W. R. C. from its humble beginning of a few members until present time with a membership of 120.

The luncheon was featured by beautifully decorated table for honor guests, at which covers were laid for Mrs. Nellie Moore, the only club member left, and past presidents, which include Mrs. Lester McNeil, Mrs. C. E. Zusman, Mrs. Mary Corbett, Mrs. Sylvie R. Woden, Mrs. W. D. Sander, Mrs. Henry Haworth, Mrs. Nettie Stoig and the presiding president, Mrs. J. E. Wood. Shamrocks were given as favors. Contests were enjoyed and Miss Carrie Hamilton was awarded the prize.

Members of the staff of judges were Dr. A. D. Bevan, by Mrs. Mattie Cox; Dr. A. D. Bevan, by Mrs. Edna Griffith; Dr. G. Dan Moody, by Mrs. Margaret Wynn; Dr. Phil Wealth of the Nation, by Mrs. Curtis Daymude, Mrs. Orga Finnie, Mrs. W. H. Miller, by Mrs. Orga Finnie.

CLAIROURNE REBEKAHS HOLD REGULAR MEETING

Richwood, Mar. 16.—Clairourne Rebekah Lodge No. 267, held a regular meeting at their hall Tuesday night with 35 members present. During the business session two applications for membership were received. Drill practice followed the regular session.

Arrangements were made for a convention to be held here May 2. Guests were Miss Emma Wynn and Mrs. Milo Gaskin. The April meeting will be held at the home of Mrs. Margaret Wynn.

Call for Baseball Team Issued at Mt. Gilead High

Mar. 16.—Coach

John C. Mar. 16—Coach
of the Mt. Gilead High School, which will
be organized this spring. The squad
will consist of 20, and the team will be
strong enough to compete with the best.

It is expected that games will be
scheduled with all of the county schools,

having a team. In addition, several
strong out-of-the-county schools will be
played, including Loudonville, which
will bring the season to a close here on

May 20, which is the close of school.

Officials of the schools of the county
are contemplating staging a county

baseball tournament some time this

spring. Baseball has replaced track as

a major spring sport in Morrow County

after having fallen into a state of

neglect for several years. School of

fields recognize the adaptability of base-

ball as a high school sport rather than

track or several of the physical strain

of the latter.

Volley Ball Teams

A number of the county schools are

planning to establish volleyball teams,

for the girls as spring sport. It is

suggested that the local school will have

a team. The Mt. Gilead girls had a team

several years ago, which participated in

the county track meet. Hence, the

game will not be entirely new to them.

Two games have already been scheduled

with Iberia and it is likely that others

will be scheduled.

WALDO LUTHER LEAGUE

HOLDS REGULAR MEETING

Waldo, Mar. 16.—Mr. and Mrs. W.

A. Ihlot and son, William, and Mrs.

Esther Baker, Thursday night, were

the entertainers of their daughter and

son-in-law, Mr. and Mrs. J. F.

Shumard, who are members.

Lucy Shumard of Wyandot spent

the evening with her grandparents,

Mr. and Mrs. J. B. Myers.

Mr. Myers gave a very splendid ser-

mon at the Methodist Church Sunday

morning. A list of a series of four,

Speaker, Rev. C. Greene, Hunter

and Rev. J. H. Beeler were delega-

ted to the People's Conference at

Waldoboro Saturday.

On Saturday, Rev. Wynn and

Mr. H. F. H. attended the convention,

Franklin, and Mrs. J. F.

Shumard attended the debate between

Concord and Harpster High.

Junior High Schools Prepare for Annual Cage Tilts

MUTUALS AND BRADLEY DRUGS IN PIN BATTLE

Records Fall as Two National League Leaders Clash on Alleys

Although they rolled the highest total league score recorded this season, the Midland Mutuals last night took the short end of their match with the National League-leading Bradley Drugs, winning only one of three games.

The match, which may have much to do with the final league championship, was one of the most interesting ever rolled on the Y. M. C. A. alleys. Not a man on either team rolled lower than 500 in the total count for the three games. High man for the Mutuals was Kopp of Bradleys, who bowled 243 in the last game.

The total score for the Mutuals was 2735 for the three-game match. The Drugs had a total mark of 2571 pins.

Thomas led the Mutuals in chalkling up the highest total of the season. He was credited with 223 pins in a single game and his total for the three was 588 points. Kopp's total for Bradleys was 601.

Bradleys have a three-game lead on the Mutuals in the National League standing and five more rounds remain to be played. The two teams will again meet with the next month in what will probably be the title match of the group.

STRIKES TO GET TIN EAR

Young Stribling Wants Cauliflower Ear in His Quest for Ring Fame and He's Going to Get It

BY NORMAN E. BROWN

Atlanta, Ga., Mar. 16—George "Pap" Stribling was mugged by his daddy, Wal Miller, the Atlanta heavyweight pride, wants a cauliflower ear.

He wants and needs it more than anything else in the world right now.

And he's gonna get it.

I have it on the word of close friends of Stribling and his new manager, Wal Miller, that he will acquire it. In fact Stribling and Wal were out after it when I hit this town.

And here's the reason for the quest of the tin ear.

Decision of Friends

Miller and close followers of Atlanta's little pride have decided that Stribling's rise in the ring has been checked through his failure

to learn how to take it—and fight under fire.

Until the last few months Stribling was mugged by his daddy, "Pap" Stribling. Naturally enough the paper didn't want to see his son licked or even mugged up. And he also inferred under the impression that a long string of victories would be the best thing his son could complete. As a result he was overly careful in matching the youth. Most of his bouts were against studs. Stribling, though, he realized that his boy wasn't learning anything in fighting this type.

Most Opponents Easy

With the exception of his memorable battle with McGinnis, which resulted in the six-year division, and a couple of fights in New York, Stribling had little compe-

tition. And in those New York fights he was the easygoing, smiling kind of guy, who was too good for his own good.

Stribling is a perfect boy, according to Wal Miller, and ought to be a good fighter when he comes his

Retains Old Features

One like as Stribling, says he is a type of his mother's father. He hasn't a mark of scarring to mar his features. His eyebrows have never been puffed by constant training of an opponent's gaze. His nose is regular and in the true Grecian style. His lips are thin and

firm. And his eyes are bright.

Miller, who is manager, says Stribling is a good boy, too, who is always a good sport, and who is a good boy to his friends.

He Wants More Features

And Stribling, according to Wal Miller, is a good boy, too, who is a good boy to his friends.

TRAINING CAMP CHATTER

CLEARWATER, FLA., Mar. 16— Beaten 9 to 5 yesterday by the St. Louis Browns, the Brooklyn Robins today will attempt to turn the count in the second game of the series. The Robins scored five runs in the first inning but thereafter folded up like a camp chair.

St. Petersburg, Fla., Mar. 16— The season officially opened for the Yankees when Arthur Fletcher was ordered off the field by an umpire and Babe Ruth fanned as pinch hitter in a game with the Boston Braves. Durst's homer with the bases overpopulated enabled the Yanks to win 6 to 5.

AVALON PARK, FLA., MAR. 16— CHUCK HAFEEZ INJURIES IN MONDAY'S GAMES WITH THE ATHLETICS HAVE BEEN FOUND TO BE ONLY TIGHTENING OF MUSCLES AND HE IS EXPECTED BACK IN THE CARDINAL LINEUP SOON, THE CHAMPS LOST TO THE ATHLETICS YESTERDAY, 4 TO 1. CLEVELAND PLAYS HERE TODAY.

San Antonio, Tex., Mar. 16— Manager Moriarity believes his team to be at least 25 per cent. stronger than last season. He is very sweet on Marty McNamee and believes his addition will add a great deal to the club's ability as a machine. Indications were today that Moriarity will carry at least a dozen pitchers at the start of the season.

Shreveport, La., Mar. 16— Three White Sox rookies were missing White Sox rookies were missing when "Drafter" Schalk's hankies took the field today. Rudis Water, a young pitcher, was on his way to Marshall, Tex., where he was farmed out to the Lone Star League. Two other youngsters, Veltman and Reynolds, were returned to San Antonio and Palestine, Tex., respectively.

AVALON, CAL., MAR. 16— THE CUBS REGULARS HAD LITTLE TO BRING ABOUT TODAY FOLLOWING THEIR SECOND STRAIGHT DEFEAT AT THE HANDS OF THE "GOOPS." THE ALLEGED SECOND RATEERS ON THE TEAM, THE GOOPS WON 7 TO 6.

Tampa, Fla., Mar. 16— Bucky Harris used his regular lineup in a regular game and saw the rambunctious first team, 9 to 3. The yanks looked much better than the regulars. Today the Senators take on the Cincinnati Reds.

Lakeland, Fla., Mar. 16— Russell McKeithen, pitcher, of St. Joe, Fla., is scheduled to join the Cleveland Indians here today to be given the once-over by Manager McCallister.

The champion St. Louis Cardinals are down on the ledger for a nine-junior fracas with the Tribe at Avon Park today. Shantz, Uhle and Leyson will probably be called upon to do the hurling for the American Leaguers.

BRADENTON, FLA., MAR. 16— PITCHER TABOR, A PHILLY SOUTHPAW WHO WEARS SPEC-TACLES AND IS PROUD OF IT, WILL MAKE HIS MARK IN THE NATIONAL LEAGUE THIS YEAR, JUDGING BY HIS WORK AGAINST THE GIANTS YESTERDAY. THE GIANTS WON THE GAME 3 TO 2 BUT TABOR BLANKED THEM FOR SIX INNINGS AND WAS ONE RUN TO THE GOOD WHEN RELIEVED.

TRY "VINCO" — A BED-TIME PHYSIC

Harmless! Recommended For Obstructive, Chronic Cases Where Bowels Hard to Move

"VINCO" works day or night, always the same—always effective. The best evidence of merit is the fact that druggists have sold millions of boxes without advertising. "VINCO" is harmless and does not grip or stick.

No man or woman can enjoy life with a sour, sick or bloated stomach or a torpid liver or constipation. For quick relief try Old Reliable "VINCO." Made of herbs, roots and bark (no soap). Acts gently and empties bowels where laxatives fail.

Lay aside nasty salts, dangerous emollients and harsh plasters. Get a 25-cent box of Old Reliable "VINCO." Take a tablet tonight! Do a full day's work tomorrow!—Adv.

Harding High Cage Stars Shine in Sunday School League Games; Last Round

Presbyterians and Baptists Battle in Final Contest; Epworths, Armed with Garrett and Shults, Go Hot; Brethren Defeat Calvary Evangelicals

Harding High cage stars appeared last night on various church teams during the final round of the Intermediate group. As a result, the Trinity Lutheran crews were swamped under an avalanche of field buckets thrown by Shults and Garrett on the Epworth crew, and the champion Trinity Baptists had one tough time trimming the Presbyterians, who were armed with McNamee at one guard.

The Harding had didn't bother the Evangelical and United Brethren lineups but the Brethren had easy sailing all the way without additional power. The final score was 29 to 16.

McNamee led the Presbyterian attack on the Baptist quintet. He accounted for five field goals and a free throw, counting 11 points out of the 24 scored. Reiff was on his last with seven.

But even then the Presbyterian could not overcome the fighting Baptists, who emerged on the front end of a 27 to 24 score.

With a five-man combination of Garrett, Lingo, Shults, Crandall and Reiff, the Epworth M. E. quintet last night went plenty hot. The Lutherans managed to get one field goal and three free throws in the second half but were held scoreless in the first stanza.

The games last night were the last among the Intermediate teams of this city. It is planned that the three leading teams in the league next week shall meet three out-of-town teams on the Y. M. C. A. court and the following week, the other three quintets will stick up against foreign outfits. Trinity Baptists are undisputed winners of the league title, having won all games played this season.

Twenty-One Hurlers, Three Southpaws, Seek Berths With Bucky Harris

There will be 21 hurlers this year. Bob Burke of Joliet, Ill., just up from Little Rock, and George Thomas, who remained with Birmingham and Indianapolis in 1930, are the other two.

The right hand curve is led by Walter Johnson, veteran, and Eddie Stobaum, who left the Red Sox last year to become a Senator and turn his back on the American League.

W. C. Thompson and Eddie Stobaum, who were set to follow the

penultimate numbers of the pennant winning Yankees last year.

These 21 numbers of 21 ball players go and a week and the major league Harris at the door.

With George Gossage, who had to accompany the surprised John Harris' night bell as "Gossage, the Great" Gossage, the Great, and a 1000-plus career, 1000-plus years of splitting.

ENTRIES FOR ANNUAL COUNTY AMATEUR CAGE TOURNEY TO CLOSE MONDAY NIGHT, MAR. 21

Entries Received to Date and Others Expected To Arrive Within a Few Days: First Round in Classes A and B Scheduled for Next Wednesday; Class C Comes Later

The Marion Amateur Cage Tournament, which is being held at the Y. M. C. A. on Marion Avenue, Wednesday night, March 21, will be the other amateur outfit of the year. There will be a representative of playing with this crew during the year.

Open to All: First Round

The first round of Class A and B will be held next Wednesday. The second round of the two divisions comes the following Friday. The first round of Class C is scheduled for Saturday, March 25, and final and semi-finals in all classes will be played during the following week, with the finals coming on Friday night, April 1.

Prizes will be awarded the winners but the nature of the awards has not yet been made known.

ITALY DAIRIES PLAY MT. VERNON TONIGHT

Winner of Tournament Game Goes into Semi-Finals Friday Night

Marion Italy Dairies, at 8 o'clock tonight, will open with the Mt. Vernon Harris Cheesers on the Aquinas gym court, Columbus, in the third round of the Columbus semi-pro cage tourney. The winner of this game goes into the semi-finals Friday night with the victor of the Reichenbach Fords-Harris Lee contest. The second game tonight is scheduled for 9 o'clock.

The Dairies have been going fast in the tournament games so far and Marion fans hold out hopes of again receiving the Italy crew as Central Ohio champs.

They have defeated the Midways and Central Tires in the tourney but the game tonight will furnish more tangible position than seen in the first two rounds. The championship at present is said to lie between the Reichenbach outfit, the Dairies and Bliss College.

INDOOR BALL GAMES AT SHOVEL TONIGHT

First Contests in New League
To Get Under Way
in Gym

The first games of the new Steam Shovel indoor baseball league will get under way tonight beginning at 8 o'clock. Engineers will play Weiders and Marathons will meet apprentices in the first contests. The second game will begin at 9:30 o'clock.

Other games in the first round will be played Friday night when Engineers are scheduled to meet the Records and Oysters will stack up against the General Office outfit.

The indoor baseball league is the first ever organized at the Shovel and made possible by the added facilities of the huge recreation hall and gym at Center St., which may easily form a diamond as well as a basketball court for volleyball games.

CLOSE IN APRIL

The league will close the last week in April when the outdoor season for sports will begin.

Other facilities in the new gym include a place for the golf bugs of the Steam Shovel to practice their stroke before appearing on the green this spring or summer.

The basketball season at the Shovel will soon come to a close. The Apprentices have clinched the league title and only a few more games remain to be played. Little interest is displayed in the hardcourt court sport with the advent of the first warm weather.

LAST NIGHT'S FIGHTS

Danny Cooney of Philadelphia won decision over Tony Vacarilli of New York, twelve rounds. Harry Scott of Atlantic City, N. J., won decision over Al Matera of Brooklyn, ten rounds.

At Portland, Me.: Pierre Gaudet of France won decision over Homer Robertson of Pittsburgh, twelve rounds. Pete Chico of Boston outpointed Young Fordhams of Biddleford, ten rounds.

At Los Angeles: Lew Tendler won technical knockout over Young Harry Wills in the eighth round.

At Mason City, Ia.: Buzz Griff, fifth of Sioux City won technical knockout over Jack Heinemann of Milwaukee in the fourth round. Dave Strode of Chicago won decision over Norman Genet of Akron, O., ten rounds.

Here's the score:

EDS TAKE LEAD IN STAR BOWLING LEAGUE

Defeat Stereos Two Games in Match on Y. M. C. A. Alleys

The editorial department bowlers today rested in first place in the Marion Star league as a result of two victories over the Stereotypists last night on the Y. M. C. A. alleys. Linos and Comps are tied for second place, and Stereos are in the cellar. The Eds have won 10 and lost six games. Linos and Comps have won nine and lost seven, and Stereos have won four and lost 12 league contests.

They led the Eds in their race for first place with 180 pins in the first game while Smith was high for the Stereos with 140 points.

Here's the score:

Jubilee's Pardner

A Story of Boyhood Adventures

BY JUDD MORTIMER LEWIS

It was cold this morning, waiting to shave off the walk when the boy heard a voice which I let Jubilee, a skinny arm come out and the hand come in his teeth, and got hold of his collar like a hook and was having breakfast. I awoke almost jerked him out of his sleep. "So I might go barefoot, and I would hate to have a wife like that. No, so long I looked at but maybe a wife is more like a sister than a mother. No gentleman will strike me back for a minute a lady; but maybe it is all right to go barefoot this time."

"No sir!" He looked at me like a crook or something he said. "If you didn't let me know who you were I would have to tell a fella has got to be about something one could say. I didn't want to tell you or someone else but my father gave a kinda sickness and he was glad I wasn't dead then they all went to the doctor and found that I had a bad egg and three pan-

ties when we were on the road, and the first thing we saw was filled with snow. There wasn't any wind so we have feathers and they were many of them that we were forced to the road. They

were as soon as they lit on the ground, and we all stood made up all shut up. I could look at him so hard the teachers asked her what she was thinking about, and

Feeble said, "Henry is the only boy I ever saw that can open his mouth as far back as his tonsils." Then we

laughed and the teacher made us study our poetry.

Daily Bedtime Story

BY HOWARD GARIS

Uncle Wiggy and His Friends

"Help!" called Uncle Wiggy on the telephone one day to Uncle Longears. "Are you doing anything special?" bled the party.

"I'm rambling over to my bungalow to see the rabbit. I'm going to have a party. Just you and Mr. Bow Wow, maybe Doc Possum. Both seemed to come, and then the rabbit began to get ready for his little party."

"What's that?" growled Mr. Bow Wow.

"Sounded like some one falling down stairs," bleated Uncle Butter.

"It's the Bad Chaps after me!" cried Uncle Wiggy. "It must be the Fox, the Wolf or the Bear!"

"Perhaps it is some one who wants me to go see a sick animal," said Dr. Possum, reaching for his bag of powders and pills.

"I'll open the door and see!" offered Uncle Butter.

"No! Don't! One of the Bad Chaps might come in!" whispered Uncle Wiggy.

But just then a sad voice in the hall cried: "Help! Help! Oh, please help me out!"

"That isn't any Bad Chap!" shouted Dr. Possum. He opened the door and there on the floor in the hall was fat little Floppy Twishtail, the pig boy. Floppy was stuck inside a round wooden hoop. He couldn't get loose.

"Whatever has happened?" asked Uncle Wiggy. Then, up on the top step of the stairs, he saw Scooter and Tooter, his two little rabbit boys.

"We—now—were playing circus," explained Tooter. "We came home from school 'cause there's only one session on account of the rain. So we went up to the attic by the back stairs, me and Scooter and Floppy."

"They covered a hoop with paper stuck on, like in the circus," grunted the pig boy, "and they made me jump through! Oh, wah! Wah!"

"Only he didn't jump through—he got stuck and he fell down stairs," added Scooter. "That's what made the racket!"

"Well, I'm glad it was none of the Bad Chaps," laughed Uncle Wiggy. Then he and his friends put some grease on Floppy so he could slip out of the hoop, which was a tight fit, and everything was all right.

So the little party came to a happy end. And if the kitchen clock will stand on its hands and wag the pendulum in the air like a dog's tail, I'll tell you next about Uncle Wiggy and the Squigglers' raft.

Uncle Butter was the first to arrive. He just rambled over from his house, holding his dripping umbrella on the bungalow porch. Then came Mr. Bow Wow, who shook the water off his sugar coat outside.

Then came Dr. Possum with his bag of powders and pills, to cure animal ills, hanging from his tail which he carried over his back.

"I'm not sure how long I can stay at this little party," said Dr. Possum as he sat in the easy chair and put his medicine bag near him. "Some one who I may send for me almost any moment. I left word at my house where I was going."

"As long as you can," insisted Uncle Wiggy.

HEAR CLOSING ARGUMENTS IN SINCLAIR CASE

Verdict Before Adjournment
Anticipated in Contempt of Senate Trial

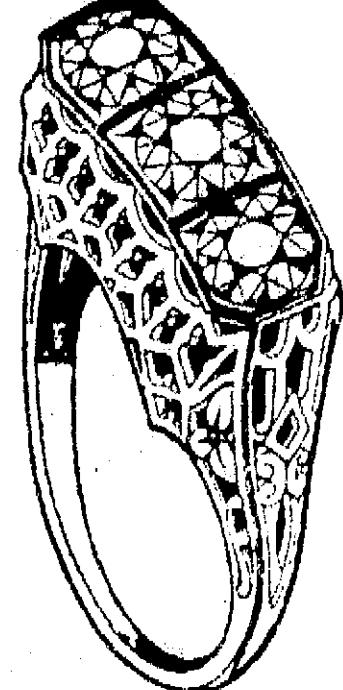

Washington, Mar. 16—Closing arguments were reached today in the trial of Harry F. Sinclair for contempt of the senate.

A verdict before adjournment was anticipated.

Under a ruling by Justice Hale, the jurors will deliberate no longer than the facts of the case admitted by both sides, all questions of law having been determined by the court.

The trial is the second criminal proceeding growing out of the senate investigation in 1923-24 into the leasing of naval oil reserves. In the first, former Secretary of the Interior Albert B. Fall and Edward L. Doheny, wealthy California operator, were acquitted of charges of conspiracy to defraud the government in the leasing of the Elk Hills California Reserve. In the present case, Sinclair is charged with contempt of the United States Senate for having refused to answer certain questions propounded by the
